**WALKER SIGNS RESOLUTION TO EXPAND POND
AND LAGOON IMPROVEMENT PROJECT**

**Walker joined by County Board Chairman Holloway, County Supervisors Clark, DeBruin
and Parks Director Sue Black**

MILWAUKEE – At a press conference today, Milwaukee County Executive Scott Walker signed a resolution that would expand a pilot project designed to improve some of Milwaukee County’s parks and lagoons. County Board Chairman Lee Holloway joined Walker, along with two co-sponsors of the resolution: Supervisors Toni Clark and Lynne DeBruin. Parks Director Sue Black also attended.

The resolution provides for \$300,000 in general obligation bonds to be used to add McGovern and Washington Parks to a pilot program that includes Jacobus, Dineen and Humboldt Parks. The program calls for stabilizing the banks of the ponds and lagoons and will help improve water quality.

“This is an important step to help to stabilize, preserve, and improve a number of ponds and lagoons that are the focal point of many of our parks,” said Walker.
